

## Policy Statement

This CDM policy document has been produced by Creagh Concrete, to provide guidance and assistance to our designers and detailers, to ensure compliance under the CDM 2015 & 2016 regulations and to demonstrate our commitment to implementing the CDM regulations as part of our design process.

Creagh Concrete with reference to the CDM Regulations 2015 & 2016, HSE The management of temporary works in the construction industry will endeavour to;

- Meet the requirements of the Construction (Design and Management) Regulations 2015 & 2016
- Reduce risks and hazards on site during construction work through care and action at planning and design stage of the process.
- Ensure our designers and detailers are aware of their duties and responsibilities under the CDM regulations 2015 & 2016
- Ensure our designers and detailers are educated and trained in identifying hazards and taking action to remove, reduce or manage them.
- Ensure the flow of information to our production facilities, transport partners and site teams are managed correctly so they have the correct information to manufacture, transport and install our products safely.
- Ensure hazards are highlighted in a clear and easy to understand format.
- Ensure new designers and detailers are inducted and trained in the requirements of the CDM regulations 2015 & 2016 and ensure appropriate supervision and guidance is issued to them.
